

Publications

Journal Articles:

Dinkha, J., and Mobasher, S. (2011). The Risk of Depression and Suicide among the University Students of Kuwait: A Cross-Study of Three Universities. Psychology and Education 48 (3 & 4).

I would also like to note that the article below has received great reviews and the publisher has had several requests from universities for "permission" to reprint. (please see attached email). This article was published with two other AUK graduates, Ms. Sarah Mobasher and Nour El-Shamsy who is now working for IEP. This is a great honor.

Dinkha, J., Mobasher, S., El-Shamsy, N. (2010). *Psychological Impact of Gender Segregation*. Psychology and Education 47 (1&2), 23-34

Exhibitions and Performances

As of May 2011, Dr. Juliet Dinkha and Dr. Nisrine Aboul-Hosson have been selected to be the contributing psychologists in Bazaar, a renowned English and Arabic magazine. Dr. Dinkha and Dr. Aboul-Hosson's column is called "Mind Bubble" and it is based on an interactive Q &A with people in the Kuwaiti community. This is a very new concept for a Kuwaiti based magazine and we are proud to be the expert psychologists for this magazine (www.bazaar-magazine.com)
